OK we will do the 1-pager.  
We wanted to do some pre-briefs before the DD briefing on Monday which was going to be tight and were unsure if we could get them done.

Either way is fine  
If you do the staff meeting, you won't need a one pager  
If you don't, you will  
If Marty wants to hear it, the one pager may be the way to go

I thought we were going to do it on Monday so we could then tell Jim about it since he's going to Calif to talk to Brian  
If we don't, we'll need a one pager for him so he knows what's going on

The team can be ready as early as August 24<sup>th</sup> to discuss the progress in moving towards announcing the Spanish labeling pilot. Let me know when they can come to staff meeting. I think they'll need about 20-30 minutes, with questions.
